About Dr. K.N. Modi University

Dr. K.N. Modi University is established by the Government of Rajasthan as per Rajasthan State Legislative Assembly Act No. 8 of 2010 & approved by UGC under section 2(f) of UGC Act, 1956. It is situated on a 45 acres campus with sylvan surroundings at Newai, District Tonk, Rajasthan. It is being managed by Dr. K.N. Modi Foundation, whose Founder Dr. Kedar Nath Modi was a doyen in contributing to the cause of the Society and a pioneer in establishing educational institutions to offer quality and valued education, primary to higher levels of professional education, in the background of his committed belief, "Education Builds Nation", to the members of the learners community belonging to diverse economic and economic strata's of the society. The Foundation, now in the throes of its Platinum Jubilee Celebrations, is being administered by the illustrious son of its Founder, Dr. D.K. Modi, who is educated both in India and Switzerland.

The University, in the background of its philosophy, "Education for the Development of The society", has embarked on a missionary zeal to realize its goals and objectives, since its inception during the academic year 2010-11. The University is unflinching in its efforts while pursuing a path of quality growth with quantitative developmental and enterprising activities. It offers professional natured academic programs related to Sciences, Engineering, Technology, Management and Humanities at Diploma, U.G. P.G. and Doctoral levels to scores of students belonging not only diverse strata of the society but also diverse regions of the State and States of our Nation besides those from Afghanistan and Nepal.

About the Workshop

Intellectual property is a "Product of Mind". It is similar to the property consisting of movable and immovable property which can be used by the owner along and not lawfully by others without owner's permission. World Intellectual Property Organization (WIPO) states that "Intellectual Property" includes rights related to works in literary and artistic fields, performance of artists, broadcasts (in the form of CD, DVD, tape recording etc), innovations in science and technology, industrial designs, trademarks, service marks, etc. It also includes inventions in all fields of human endeavor and protection against unfair competition and all other rights resulting from intellectual activity in the industrial, scientific or artistic fields.

Objectives of the Workshop

- ❖ To create awareness about IPRs, especially patents and copy rights among faculty members of school of Mechanical Engineering.
- ❖ To guide researchers/inventors in respect of patenting their inventions.

- ❖ To provide insight into practical applications of IP such as patent drafting, patentability search, freedom to operate search, validity/invalidity search, evidence of use analysis.

Outcomes of the Workshop

- ❖ Procedural outline of Process of patenting.
- ❖ Drafting of Patents to improve quality of research.
- ❖ Technology commercialization with successful case studies from academics.
